

Whatever you try or do in life - or business -  
there is an average 50% chance of success or failure,  
**but if you don't even try** - you have already lost 100%  
... irrevocably

GREEN GOLD FUND was created by the mutual vision and  
principle of the Founders, that 'business' can and has to be  
**'truthful, fair and beneficial to all concerned'**

(Rotary Four-way Test Rules # 1, 2 and 4)

... not just to the Buyer and Seller of products and services,  
but to all Stakeholders in the value-chain !!

Our focus is on Consulting, Project Funding & Management of:

- Green & clean energy solutions  
Wind-turbines, Biogas and W2E Generators
- Precious & semi-precious Metals and Rare Earths  
sourcing, trading, safe-keeping, fund-securities
- Recycling of mining waste, tailings, jarosite, dross  
Copper, Gold, Zinc, Rayon ... *to be expanded*
- Forest & plantation management, carbon credits & sinks  
including logging, clearance and re-planting
- Mechanized Agro-Industry Development & Planning  
soil-preparation, seed-planting, irrigation, fertilizer, harvesting
